

Degreaser MS

Chemistry designed for top performance, safety and economy.

Degreaser MS is a high quality, non-flammable, low odor solution for replacing flammable solvents or d-limonene in metal degreasing applications.

- Safer than low flash point solvents.
 - Non-alkaline, low irritation ingredients to protect workers, surfaces and the environment. No harsh d-limonene citrus solvent.
 - Highly effective in the removal of dirt and grease residues on parts, equipment or other surfaces.
 - Dries quickly with no residue.
-

USE INSTRUCTIONS:

Degreaser MS is designed to be sprayed on rollers or applied with a sponge. No rinsing is required.

TECHNICAL DATA:

pH(as is).....Neutral
Color.....Clear
Flash Point.....>141° F
