GOTCHA!

SUPER4 OIL LEAK TRACER DYE

Chemistry designed for use in detecting oil leaks in diesel engines, hydraulic systems and other oil based fluid systems.

- Harmless to engines and equipment.
- No sediments.
- Safe and easy to use. Non-hazardous.
- Leaks will glow pink when exposed to ultraviolet (blacklight) light.
- Minimize man-hours by reducing the time to find oil leaks.
- Concentrated formula that works quickly and cost effectively.

USE INSTRUCTIONS:

GOTCHA! Should be used 0.25 ounce to 10 gallons of fuel or oil. It is recommended that the surfaces be clean of grease and grime. Check for leaks utilizing a blacklight (UV light). Fluid will glow pink.

TECHNICAL DATA:

Form.....Liquid
Color.....Bright Pink
Strength.....Concentrated
pH.....Neutral
Odor.....Mild
