TY-SPRAY RUST-STOP ORGANIC

RUST-STOP ORGANIC is our premium organic alkaline rust preventative for use as an additive for dip tanks, spray cabinets and automatic wash systems. For the protection of steel, iron, and cast metal parts. Also used in closed circulation water systems.

- Rust protection for steel, iron, and cast metal parts.
- Designed for short-term protection after cleaning.
- Highly concentrated formula that requires low usage amounts.
- Controls undissolved particles from plugging spray nozzles or drains.
- Compatible with ion exchange filtration.

USE INSTRUCTIONS:

RUST-STOP ORGANIC can be used at 0.25 to 3.0 ounces per 1 gallon of water for most applications. Or use **RUST-STOP ORGANIC** to produce 0.5% in the rinse water cycle or closed water system. Be sure to follow the manufacturer's equipment recommendations on how to properly apply additives to the rinse.
